WHAT IS INSIDE

A **The PST will not open at all**
Outlook reports the file is not a personal folders file or cannot be opened.

B **It prompts for a password that is rejected**
The PST password prompt appears but the known password does not work.

C **Repair or import fails halfway**
ScanPST/repair stops, or the import loses folders.

For Outlook PST archive. Full kit: multi-page guide, fillable worksheet, and retest/recovery checklist.

The full kit is a download. Live one-to-one help is separate, through Request a quote.
